# DISCLAIMER

Certain statements in this presentation and other oral or written statements made by the Company from time to time may constitute “forward-looking statements” that involve substantial risks and uncertainties, including the statements regarding 2018 guidance, projections of certain measures of the Company's results of operations, projections of future levels of certain charges and expenses, incremental cost structure improvements and other statements regarding the Company's financial improvement plan and strategy and anticipated effects of the Cures Act. You can identify these statements by the fact that they do not relate strictly to historical or current facts. In some cases, forward-looking statements can be identified by words such as "may," "should," "could," "anticipate," "estimate," "expect," "project," "outlook," "aim," "intend," "plan," "believe," "predict," "potential," "continue" or comparable terms. Because such statements inherently involve risks and uncertainties, actual future results may differ materially from those expressed or implied by such forward-looking statements. Investors are cautioned that any such forward-looking statements are not guarantees of future performance and involve risks and uncertainties, and that actual results may differ materially from those in the forward-looking statements as a result of various factors. Important factors that could cause actual results to differ materially from those in the forward-looking statement include but are not limited to risks associated with: the Company's ability to make principal and interest payments on its debt and unsecured notes and satisfy the other covenants contained in its debt agreements; the Company's high level of indebtedness; the Company's ability to grow its core Infusion revenues; the Company's ability to continue to execute its financial improvement plan to reduce operating costs and focus its business on its Infusion Services segment; the Company's ability to evaluate opportunities for improvement and implement solutions as part of its strategic review process; the success of the Company's initiatives to mitigate the impact of the Cures Act on its business; reductions in federal, state and commercial reimbursement for the Company's products and services; increased government regulation related to the health care and insurance industries; as well as the risks described in the Company's periodic filings with the Securities and Exchange Commission. The Company does not undertake any duty to update these forward-looking statements after the date hereof, even though the Company's situation may change in the future. All of the forward-looking statements herein are qualified by these cautionary statements. This document contains an estimate of projected adjusted EBITDA. Projected adjusted EBITDA as used in this presentation is consistent with the Company's definition of adjusted EBITDA as presented in its annual reports filed on Form 10-K and quarterly reports filed on Form 10-Q. The Company's November 6, 2018 earnings release furnished on the Company's Current Report on Form 8-K on November 6, 2018 provides a reconciliation of projected adjusted EBITDA to expected results.

# VISION 2020 - FOUR PRIMARY PILLARS

## Revenue Cycle Management

## Supply Chain

## Managed Care

## Core Growth

- Improve quality & standardize processes
- Optimize labor model, reduce facilities expense, lower bad debt
- Accelerate cash receipts

- Strategic partnerships
- Concentrate market share
- Formulary management

- Strategic partnerships
- Redirection efforts
- Outcomes-based data and improved pricing

- Sales force productivity (CRM tools, training, aligned incentives)
- Expanding core mix
- Redirection efforts

**Robust strategic plan in place for delivering significant long-term improvement in EBITDA, cash flow and stakeholder value**

# PATIENT EXODUS FROM HOSPITAL TO LOW-COST HOME SETTING

Care is moving from the Hospital...

...to the Home

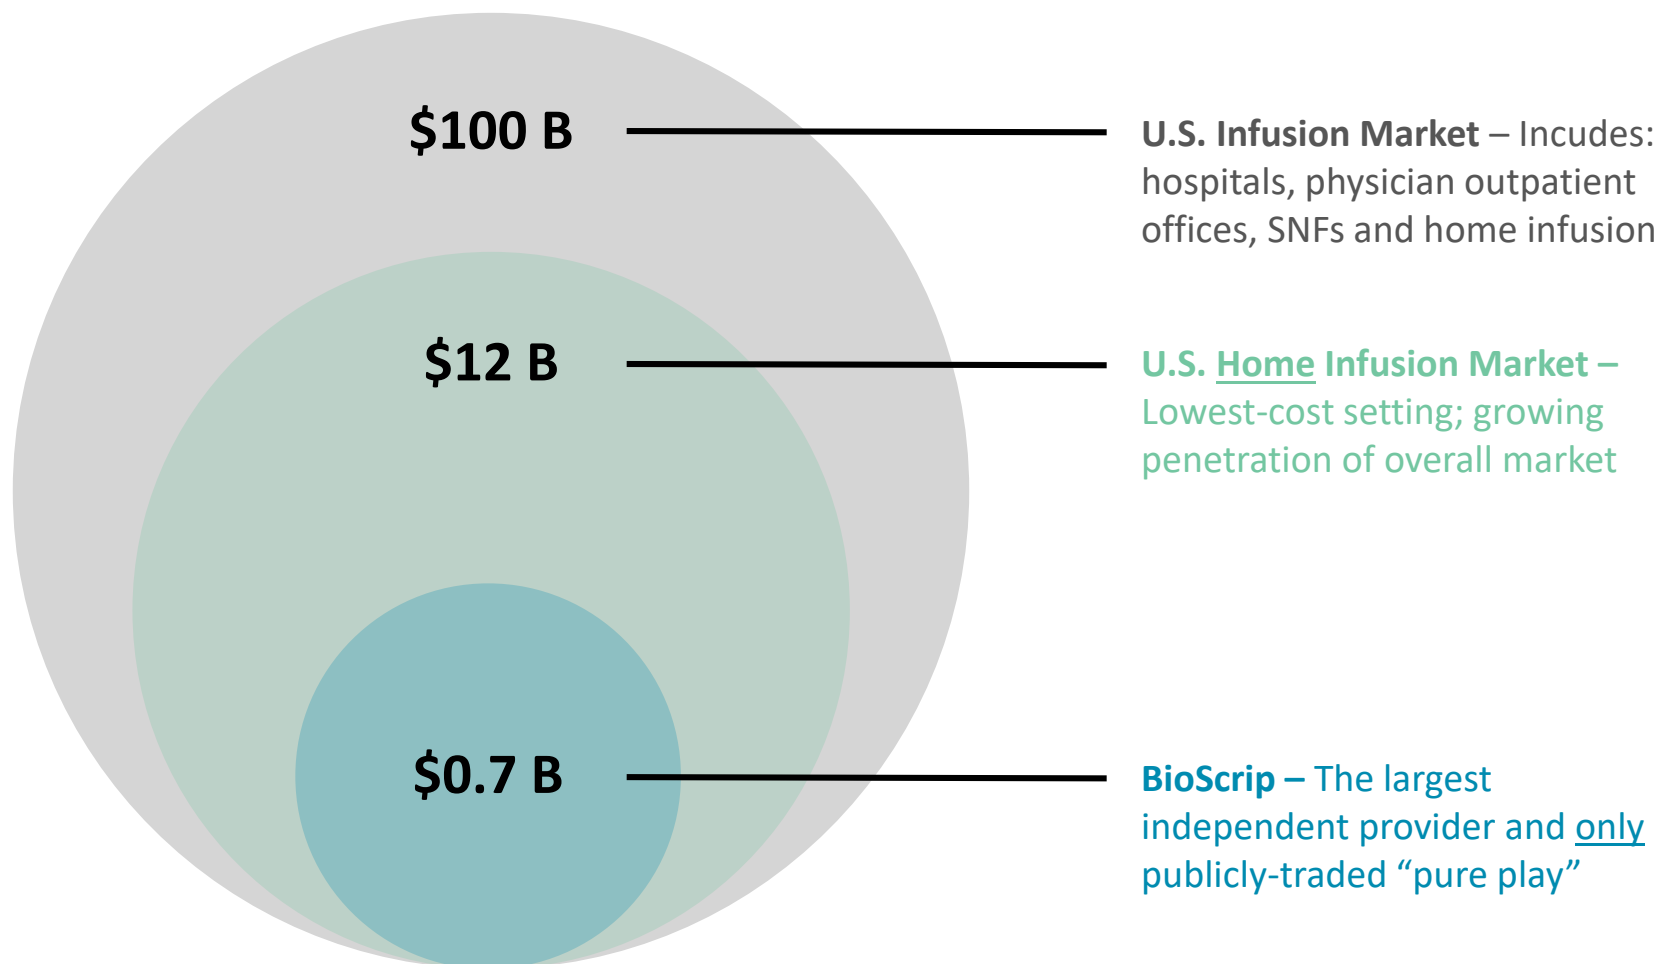

- **Waste** in healthcare system in large part driven by hospitals
- Up to 1/3<sup>rd</sup> of total healthcare spend is waste (**est. \$1 trillion**)
- **Higher costs** and **worse outcomes**, including death (**440k** preventable deaths each year in the hospital)
- 50% of hospitals are **not financially sound**

- **Lowest cost** site of care
- **Safest** site of care; lower risk of infection
- **Patient preference, empowerment, quality of life**
- Healthcare reform moving from fee-for-service to **fee-for-outcomes**
- The home is becoming the **general ward**
- **Democratization** of healthcare (physical, mental and financial health of the patient)

**The Home is the Disruptive Service Model within the Infusion Market (*think Amazon, Uber*)**

# LARGE AND GROWING MARKET OPPORTUNITY

The U.S. Home Infusion Market is Growing  
by an Estimated 5-7% Per Year

# U.S. INFUSION MARKET OVERVIEW

## U.S. Infusion Market

## U.S. Competitive Landscape - Home

- Top 4 providers account for >40% of U.S. market
- **Highly fragmented** market
- Significant **consolidation opportunity** with 800+ infusion companies in the U.S.

# 2018 GUIDANCE AND 2019 EBITDA OBJECTIVE

	2017 Actual	2018 Guidance	2019 Objective
Revenue	\$817 mm	\$710-720 mm <sup>1</sup>	n/a
Adj. EBITDA	\$45 mm	\$54-58 mm	\$75 mm plus
<i>Implied growth (at midpoint)</i>		+24%	+34%

Outlook Driven by Company-Specific Drivers and  
Favorable Industry Dynamics

<sup>1</sup> Expected year-over-year decrease in 2018 revenue reflects the Company's exit from certain unprofitable non-core business with UnitedHealthcare in the third quarter of 2017 as well as the implementation of ASC 606, a new accounting standard, on 1/1/2018; guidance as of 11/6/2018.
